Dear Graduates of 2023,

Congratulations to you all for successfully completing the rigours of your respective degrees and moving on to the next phase of your lives. IIIT Hyderabad truly lives through its graduates, who build products, establish companies, make technologies, help communities, and more in different corners of the world. We sincerely hope that each one of you will actively engage with the institute, playing a significant role in its future growth and success.

IIIT Hyderabad completes a 25 year journey soon. We are proud to have achieved much in these years. All of it is due to the dedication and enthusiasm displayed by its students, faculty, administration, and the alumni. Now, as the newest members of the IIITH alumni community, the responsibility of shaping the institute's future and making it even more remarkable rests also on your shoulders. Let us work together to ensure the next phase of the institute's journey is productive and memorable

Chair, Student Affairs Committee

As I congratulate the graduating batch, I cannot but help remember their first day on campus – the excitement of living on their own, the joy of making new friends and the anxiousness of starting a new phase of their life. Time passes so quickly, and it is already a time to bid farewell now. You may go out of IIIT, but you cannot take out IIIT from you. I hope you will remain connected.

I wish you the best in pursuing your dreams and leaving a mark in the real world.

My first day in the campus :
Meeting Rojjha and his roommate Pratyanshu was the best thing that happened to me on the first day!

Best thing you learnt from here?

Life can be challenging, with its share of highs and lows, but it's essential to maintain self-belief and surround yourself with supportive friends. With this combination, you can conquer any obstacle

One thing you'll miss the most?

Leading an effortless existence devoid of any obligation, constantly enveloped by the presence of your closest companions who unconditionally support you <3

Favourite Campus Memory :

those amateur philosophical discussions and so much random bc

Favourite Campus Memory :

explore, believe and live lo... jo hoga dekha jaega

#SalluBhai. Did a lots of backchodi. I yet have the feeling of you being govinda from partner film :p. Jokes apart bhai, you are a great friend and a honest person i met on campus. Milte rahiyo... Keep laughing bro and keep rising... -

Rajat Kumar

With his infectious extroverted nature and eagerness to explore, Bhaskar brings a sense of adventure to every moment. His willingness to lend a helping hand and his self-proclaimed humor never fail to bring joy to our lives. Cheers to Bhaskar, the ultimate explorer and the funniest friend around! -

Utkarsh Upadhyay

Will miss asking you to contact TAs, other peeps for information 😊. All trips/outings with you are memorable. - **Vedansh Mittal**

I am grateful for having a friend like you. Your kindness and unwavering support have made a significant impact on my life. Vese m to hyderabad me he hun, to chalte h Zythum se better jagah pe next time :D. - **Prince Tomar**

I like to keep my friend circle small and tight-knit, and you're definitely one of my closest friends. Never a dull moment with you and you always pushed my lazy self to get out and have various experiences. Thanks a lot for that. I love how our tastes in music just match. We will stay in touch :) - **Pratyanshu Pandey**

#MOSTJUGAADULADKA, I have ever met. That nerd skill of yours filled with mischievous escapade and never settling attitude tells me that one day you're going to be so damn successful. Agar foreign settle hone wale hai toh VISA lagwa ke TICKET bhej dena bina bole :P. Udhbar bhi full-on masti karenge ;) - **Ayush Sharma**

My first day in the campus :
Got smiley badges, picture clicked, and was handed books for some reason.

Best thing you learnt from here?

How to have fun inspite of being in CND. Learnt that you can customise anything in life just like customising drinks at JC. Also learnt that we can make wine glasses sing.

One thing you'll miss the most?

While I'd miss the beautiful green campus, it is definitely the people that I'd miss the most. Would also miss the dogs, the dangly dudes, the sound of "Bhaiya Cheese Maggi".

Favourite Campus Memory :

Who's bobby moments, gossip seshes, and several times we spent at the labs. Weekly tradition of ordering food and HIMYM on Wednesdays. Spending the day at skyzone and flip side.

Favourite Campus Memory :

Wish CND had the freedom to choose their faith. Let's see how it goes.

I woke him up in the middle of the night one time, to discuss my feelings, and he welcomed me with open arms. Gotta love how big this man's heart is. His problem solving is very escapist in nature so you have to take it with a pinch of salt, but he's a homie. - **Raghav Dwivedi**

An absolute kid at heart. Wants to do the stupidest stuff with the most innocent look on the face, to which you can't even say no. Will always remember praying to god as he drove at 160 on a 2 lane highway on a wet morning. Also now if I see anything pink, ari is the first thing to pop in my head. - **Sidharth Giri**

The Bangalore homie with whom I'll never 'return optimizer'. Never let him introduce you to his friends for they'll sink their teeth into you first chance they get (no joke). We never got to make music together, but at least we got our eyebrows singed by Garrix. - **Aakash Aanegola**

The biggest cutie I have ever met. The man who dies the first in a party, also the most chaotic. If you go to him for advice just listen to 2% of it only coz 98% is just chaos because that's what he likes to do, create chaos. His music, photography skills and brain powers are unparalleled. - **Ritvik Kalra**

Best memory of us is in bakul balcony trying to optimise for a good sleeping spot in the scorching heat of hyd. I remembered what you drew on

my shirt xD. Somehow the responsible dude at parties and fellow vegetarian who hogged the cheesecake! Great friend with common interest for photography!📸 - **Aravind Narayanan**

mosquito eater, orders wayy too much, has the craziest stories, professional gay hickey giver - **Pooja Desur**

My mans either gives the best advice you've ever got, or the absolute goddamn worst. Nothing in between. Also hickey maestro 🌐. - **Dhruv Kapur**

ing presence. Keep laughing with closed eyes :p...

Best thing you learnt from here?

Never give up on your dreams, and enjoy life to the fullest. My friends taught me no matter what background you come from, you can always find a family and make yourself at home.

One thing you'll miss the most?

I will genuinely miss the constant headache my friends give me by continuously taunting me. I will also miss laughing at their lame jokes and arguing with them no matter how silly the topic is.

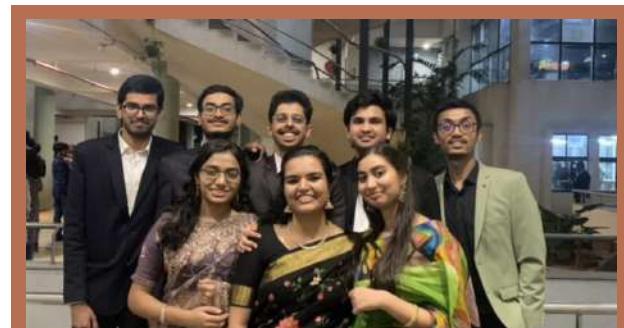

Favourite Campus Memory :

I thoroughly enjoyed the scribble event as a part of farewell. It was fun writing small descriptions on each other's Tshirts

Best thing you learnt from here?

Not everything goes by your plan, so just be patient.

One thing you'll miss the most? Annoying my friends with a daily alarm of 'Chalo aaj kahi bahar chalte hain' and progressively not staying sober by the end of 4th year.

Favourite Campus Memory : All out partying in hostel.

Favourite Campus Memory : \$\$\$ chaapo aur \$\$\$ udao.

Bruh I don't know where to start with you...you have been there for me since 6th, truly the best friend I ever had. Even tho your constant nagging to go out was annoying, I am grateful now cuz we got to make so many beautiful memories!! Also, this just to irritate you, but new guy xD...love you yaar - **Shaurya Dewan**

#RandiRona, best padosi ever. milte rahiyo bhai. keep laughing and keep rising... - **Rajat Kumar**

You're a genius wrapped in a laid-back personality, jitna seedha lagta hai utna hai nahi tu 😊, a true work hard, play harder kinda person. Always the first to finish his work, (no clue when he does it though). #GeniusWithAHeart #Indori #Instagram-Addict - **Pratyush Priyadarshi**

"My go to person for everything. Thank you for being my rock, my confidant, and my partner in crime. From your theories about dating to your unique vocabulary, college has been an unforgettable experience because of you. +1 to asking for pens during exams and snorting GluconD in your room ;P. - **Kannav Mehta**"

True sharma ji ka beta! Most ground to earth person I have met. Fearless in taking bold choices and making his own path in life. Learnt a lot about nature and animals from you brother. I will always remember the cheetah voice 😂. I hope you soon get to live in jungle as you want XD. All the best! - **Gurkirat Singh**

Our resident mowgli. Hamara bas chale, isko Africa ke kissi jungle (or Yellowstone) mein hamesha ke liye chod aaye, vahi par har species of lemurs dekh lena and bas jaana unke saath. My first day in the campus :
The time I met half of the members of my group, which soon became my extended family.

Best thing you learnt from here?
Experiences are everything. You gotta learn from them. And, you need to respect everyone's opinion even when they are completely opposite from what you think.

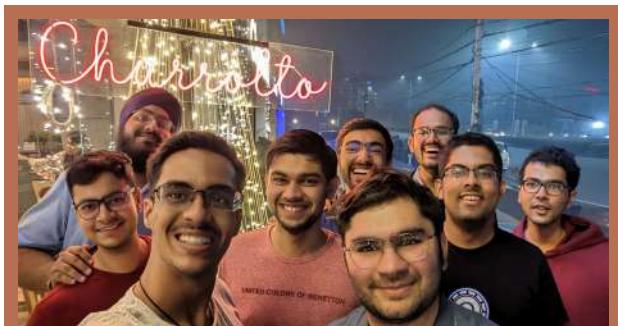

One thing you'll miss the most?
Creamstone after nights! The most intense philosophical discussions. And of course, watching horror movies with friends in workspace rooms.

Favourite Campus Memory :
Having Cheese Maggi at BBC with friends after rains.

Favourite Campus Memory :
Job, if life goes as expected.

"Chicken, mosquitoes & sweaty -the key points of him 😊 Very chill person, but still too good in acads. Rare species who hate Physics and like Humanities. Got enlightenment from linear eqn in 2 variables, because we all know- ""the power of 2"" 😊 Wait, how can I forget the Doodh wali Shikanji 😂 - **Sanchit Arora**"

"My college experience wouldn't have been the same without this guy. From endless conversations to countless visits to my room, Triansh was always there. Our banter makes me nostalgic. As one of my sweetest and closest friends, I hope to stay in touch forever. P.S. Thanks for waking me every day ;) - **Raj Maheshwari**

Conveniently meeting people that you love. Midnight snacking. Playing board games with bobbies. Communal freak out and giving up before exam. Crying together after a bad exam. Cuddling on one tiny bed

Favourite Campus Memory :
Coming back to campus after the 2 years spent at home, excited to live the rest of campus life without any regrets.

Favourite Campus Memory :
Harder challenges, more fun, taxes ha-haha

One of the sweetest roid abuser I've ever met. jk. My brother saves his words but prays and stresses for the rest of us always. I was taken aback by the level of empathy this man is capable of. A true homie. Also a beautiful acoustic guitarist and singer. - **Raghav Dwivedi**

One of the nicest, and most genuine people I know. Not only is he smart as hell and jacked well beyond natty limits, he's also insanely talented. Keep your head high and confidence up, king! -

Aakash Jain

This man is one of the cutest of the group, just get him drunk and you'll see how cute he is (if you are unlucky you'll get your ass whooped). Man's a literal god of genetics. This man's voice can make angels cry. One of the hardest workers I have ever met. (P.S. Possibly on cycle) - **Ritvik Kalra**

Everybody's favorite triangle-shaped snack (Doritos can't compare :P), sido the ***o is one solid bobby. I wish we were neighbors earlier, irritating you with my lame dance moves is a cherished hobby :/ - **Aakash Aanegola**

Most wanted bobby on campus, haven't seen anyone more built. He could literally fly if he flexed his lats. However tough he looks from the outside, he is baby from within. The sweetest guy I've known and the only guy who could full off "Thoda de na".

- **Arihanth Srikar**

good dinosaur big head sido who gets me dessert 😊. vv happy how close we got but it's only gonna be full circle when we finish the tiktok -

My first day in the campus :
I had not saved my parents' numbers on my new Indian number. Also had great expectations careerwise.

Best thing you learnt from here?
How to debate, appreciation for phi-

losophy and history, as well as confidence in my ability to pick up new frameworks in a few hours. Also, the value of a close nit friend circle in your vicinity.

One thing you'll miss the most?

The people. The community is what I will miss the most. Calling a friend to accompany me to JC when I am hungry at 3am is an experience that I might never have again.

Favourite Campus Memory :

Our band was the closing act of Meltdown in April 2023. We had a moshpit, sponsors, food stalls, and intercollege performances. Closed with a Linkin Park growl and Drum solo.

Favourite Campus Memory :

I might have a better idea of my future maybe a little later on in life.

I feel like going to the gym has paid off ultimately, but do revisit the green pants from time to time. It's always fun talking to you Rajav. You have a heart of gold , kind of like a buff teddy bear? I hope our paths cross again someday, but until then, I won't buy anything from Pepperfry. -

Meghna Mishra

Been through thick and thin with this man. My roommate since day 1 of college; through the late night talks, music club scenes, character development story arcs, he's grown into my best friend. He is a gem of a person, though not always apparent to others due to the spectrum of quirks he possesses. - **Aakash Jain**

Chomu, Investment Banker and borderline on the spectrum. I'm just kidding this man is a cutie, one of the smartest people I have met but can be very dumb sometimes. His attention to detail makes him a very good planner, and is probably the best singer I've ever had the chance to perform with. -

Ritvik Kalra

If I had to choose one word to sum up most of our interactions in college, I would use "unexpected". Starting with "the council" outing and ending with the random chai/chat hunts in old Hyderabad and everything in between. I wrote a lot after this but reached the character limit then had to backspace -

Pahulpreet Singh

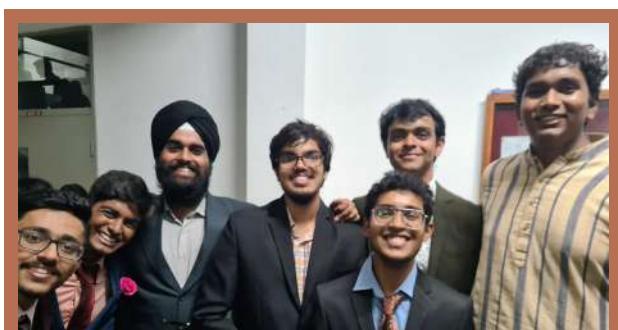

Music club gonna be lost without you - Pranoy J His obituary is going to be along the lines of "... bust a vein singing Linkin Park in green pants". Hopefully he's got better comedic timing now and can do better than a "hey man :(" - **Aakash**

Mr. Scream-So-Loud-He-Keeps-Everyone-Up-At-Night 🎤. Secret Jordan Peterson lover but won't admit it to woke chicks (especially ones with green hair 😂). - **Dhruv Kapur**

Best thing you learnt from here?
make decisions you regret today, for you won't regret them tomorrow

One thing you'll miss the most?
The bobbies and OBH 397

Favourite Campus Memory :
Slip, slip, slidin on the basketball court

Favourite Campus Memory :
Snowboarding, mountain climbing and whatever else I decide to do on a whim

Bobby Supreme. We should be the only ones deciding what to eat 🍔. Straight Kassi tho 😂. - **Dhruv Kapur**

"Always up for the wonkiest stuff, he'll be sure to make you feel like you belong to bangalore in no time. A very reliable guy and who I always look up to if I am feeling low :) He is also a cutie btw, solid boyfriend material (I would know from personal experience) - **Sidharth Giri**"

Wish I met you sooner in college. Craziest and smartest dude I've ever known. Wouldn't forget the kinda shit we all pulled together especially when it comes to setting up Dhruv. We gotta hit up those music festivals soon. - **Arihanth Srikar**

GOD, that is how I would describe him in one word. Man is just so good in everything its almost borderline infuriating (hehe kidding) thinking how could a man be this good in whatever he does, whether its academics, gym, music, sports what not. He's also a pyromaniac so be careful around him. - **Ritvik Kalra**

"My namesake, you're the smartest and most maniacal person I know. You're exceptional at everything that you wish to do, be it RL/FPS games, starting a cult, or carrying me in MDL. Keep being a great friend and an absolute menace to society! P.S., <https://open.spotify.com/>

CW Anakin vibes. Definitely had the best wlb. Master convincer, expert negotiator, and the best person to ideate with. Creating memes together while working on the paper and megathon has got to be one of my best memories in college. "Brothers in arms are brothers for life" - CW S3 -

He's literally at the top of every domain that can be considered culturally relevant. Academics, Sports, Cultural activities, Employment, you name it, he's at the top. I look up to his work ethic the most. - **Raghav Dwivedi**

Never thought we would share so many memories together the first time we did but I am really glad you got me that free pizza xD. Having you as my friend increased the level of fun and stories I had by ten times. - **Keshav Bajaj**

You're truly one of a kind! Goa trip was epic with you leading the way. Let's plan another thrilling adventure. You should definitely play more basketball! Your OBH rants and our deep convos will be missed. Besides discovering cool cafes and pubs, we should definitely catch an electrifying NBA game! - **Nikhil Chandak**

Top G! You significantly changed my outlook on life. Triple sharing in 125 was an experience I'd cherish forever. Thanks for all the great stories you've given all of us, college life would've been incomplete without you. You're destined for extraordinary things. Always meet when you visit India. - **Siddhant Jain**

The person with the most versatile personality I've ever seen. I will always be in awe of how you can handle any situation, no matter how tough and your incredible convincing powers. Thank you for convincing me to have fun on soooo many occasions now xD. Glad I had you as a part of my college life! - **Kunal Jain**

I'm very grateful for all our time together, playing RL, FIFA, or poker. I've learned a lot from you in 4 years. It was always listening to your crazy stories. I admire that you are true to yourself and excellent in everything you do. Looking forward to our paths crossing again. - **Eshan Gupta**

Dhruv Kapur

A calisthenics dude who's actually sociable! Jokes aside, my man has very good observational skills, and uses them not only for hilarious inside jokes, but also appropriately in times of emotional need. Thank you for hosting me in your room when my days were dark. A homie. - **Raghav Dwivedi**

Dhruv is a literal personification of the man in Bruce Lee's famous quote, "I fear not the man who has practiced 10,000 kicks once, but I fear the man who has practiced one kick 10,000 times." Always down for a game of valorant and one of the gym gods, and also one of the kindest person I've met. - **Ritvik Kalra**

I saw him at the football field on day 1 of college, and looking at him play football, I decided "that's the guy I wanna spend my college life with". The best decision I ever took. A solid guy (from all aspects), an 11/10 chick magnet, leaves everyone thirsting for him. - **Sidharth Giri**

Hottest guy on campus, actually can't decide gender here. Let's use a gender neutral pronoun - hottest bobby on campus. Super helpful, can't say no for some reason, and an amazing friend. - **Arihanth Srikar**

The reason we call you a bevda is your ability to not give a fuck about what others think and do what you believe is ok and that is what I feel is your best quality. He is damn lazy but earns the most during college also. Always up for random discussions but his positive attitude toward life is pretty insane. Ghar bhagne ke liye hamesha taiyaar rehta hai but sometimes free ki choco pie ya shake bhi de deta hai - his "unexpected" phase. Keep chilling my friend!! - **Shrey Gupta**

The award for longest sleeping record goes to this guy. Not even an earthquake can break his sleep. One thing you'll miss the most?

JC, nowhere can we get such cheap and good shakes. Baaki will miss friends, seniors, our interactions, dinners

Favourite Campus Memory :

Nepal, Pondi, Goa Trips. Just aimlessly travelling on scooters and trying new things. Mafia nights or random philosophy talks which seemed pretty irritating at that time. Fun times

Favourite Campus Memory :

Masters at CMU and hopefully some travelling and fun, baaki lets wait and watch

"Watched Suits on Netflix? He's our Mike Ross 😊 According to trustable sources, he remembered every little detail written in a book lying on the ground which he saw while flying in an airplane 😊 And my chai buddy 🍵😊 - **Sanchit Arora**

Meet our group's (boodhi) mummy. Duniya me koi bhi activity karni ho, ye hi hamara planner aur tour guide banega. Bas thand ke saath itni dushmani hai ki icecream ko touch bhi nhi karega. But enjoyed, you coming to our last Creamstone party! Hopefully, teri CMU ki flight cancel na ho 😅. - **Triansh Sharma**

You're a non-stop working machine, I wonder if you're a robot 🤖. Most responsible guy. Tera number saare mummyio ke pass hai. Always ready to lend a helping hand. And when it comes to outing plans, you're the mastermind behind every adventure. Keep rocking at CMU, my friend. Hamme bhul mat jana. - **Pratyush Priyadarshi**

"How can someone be so seedha and spoiled at the same time? Group drunkard, gaali galore and yet I have received many lectures from my mom to be more like shrey xD. Always remember ki ""night ke baad kya aata hai?""Don't forget us when you go to CMU. Keep Shining. - **Kannav Mehta**

It is always fun to have "serious" meaningful conver-

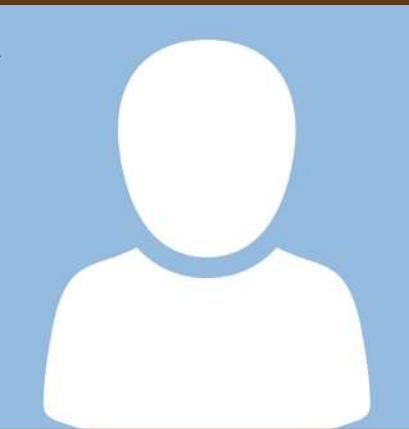

sations with Shrey. He is responsible when needed, yet mischievous and invariably up for having fun. Early to sleep, early to finish every assignment, early to fall sick, and early to complete the exam syllabus (thrice), he is secretly the Flash. - **Raj Maheshwari**

The pseudo Punjabi guy :) Sir ji itni jaldi bimaar padte hai ki 4 saal tk ice-cream khane se darte rhe 😂. On our every trip he was named the budi-amma of the group. You are the one of the most disciplined and hardworking person I have met, don't ever change that about you. All the best bro!!

- **Gurkirat Singh**

Budi amma apna khayal rakhna, time par sona aur ice cream mat khana. Jab chand par jaunga tab bula lunga tujhe bhi, sath mei chalenge. All the best for CMU. Next time aram sei milega tab apan road trip par jalenge. - **Arush Gupta**
